

## ATC & Airspace Operations

Leery about navigating the different types of airspace and dealing with ATC? Don't be leery or uninformed when flying through the not so wild blue. Come hear Mary discuss interacting with ATC. She will also cover flight operations in Controlled/Non-controlled Airspace and address some of the specific requirements of flight that are identified on our aeronautical charts. The OPA Convention is open to all. The OPA Convention has a entry fee at the door which includes a box lunch. The seminars are free.

**Directions:** Seminar is being held in Room A in the Santiam Building at the Linn County Expo Center on the east side of Albany Airport. If arriving by air there is aircraft parking next to the Expo Center or you can take the free shuttle from the west side aircraft parking to the Expo Center.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
